Site Description: Both Federal Currently owned and FUDS - USACE property # B07MO0155 -  
1907 dwelling unit was located at the site. Property was owned by several parties when the US GOV acquired it.  
GOV aquired 85.4 acres in 1952 by a Declaration of Taking. The Army, Air Force and Navy have used the site for storage of personel and medical records and there was a publication center that printed, stored and distributed forms and publications.  
7/5/1960 the GSA assumed the facility when DOD decided that the operation would be more efficiently run by GSA.  
7/26/72 GSA transferred 7 acres to the City of Overland for the use as a city park.  
The Rock Island Railroad and the Present Day Gun & Rod Club of Missouri were owners of some of land prior to the US acquiring the site.  
1973 BLDG 100 was originally six stories, but the top floor was destroyed by fire  
The site is currently operating in its original capacity as a records management and storage facility. The US Navy operates a printing shop at the site. The facility has had five underground storage tanks removed or closed in place since 1998 in accordance with Department of Natural Resources' closure guidance. No conditions were noted during the site tour that indicated potential contamination from hazardous substances. The city park adjacent to the site was given to the city of Overland by GSA in 1972. No buildings or operations of the Military Persons Record Center had ever been on this property.
